## Notice of forthcoming Key Decisions

Local authorities are required by law to give 28 days' notice of any key decisions to be made. The Forward Plan sets out information about the key decisions that Cabinet, individual Cabinet Members, the Health and Wellbeing Board and the Better Places Joint Committee intend to make in forthcoming months. It ensures public notice of all key decisions is provided at least 28 days' in advance of the decision date.

The Forward Plan contains information about each forthcoming key decision and is published to the Council website every week, usually on a Monday.

## What is a Key Decision?

The Lambeth Council Constitution defines a key decision as an executive decision that:

- 1) Requires an amendment to the Community Plan Outcomes Framework or requires a recommendation to Full Council to amend the Budget and Policy Framework;
- 2) Results in the local authority incurring expenditure, raising income or the making of savings in excess of £500,000; or,
- 3) Has a significant impact on:
  - a) communities living or working in an area comprising two or more wards in Lambeth;
  - b) the wellbeing of the community or the quality of service provided to a significant number of people living or working in an area; or,
  - c) Communities of interest.

The majority of key decisions are taken by the Cabinet or individual Cabinet Members (the Executive). Each Key Decision will be communicated via a comprehensive report which must be published at least five clear days before the decision is taken. Published reports can be accessed through [Decisions Online](#). Cabinet reports will also be available in [Cabinet agenda packs](#), which are published five clear days before the meeting.

The Executive cannot consider key decisions that have not been included on the Forward Plan. However, the Council Constitution sets out procedures that can be used if a decision that has not been advertised on the Forward Plan must be taken immediately. Urgency procedures can only be used in exceptional circumstances. For further information on Access to Information procedure rules please see Part 3, Section 2 of the [Council Constitution](#) or contact Democratic Services.

## What information is included on the Forward Plan?

The Forward Plan gives information about:

- key decisions that are likely to be considered in forthcoming months;
- the earliest date a key decision can be taken;
- who will make a decision;
- what consultation will be undertaken;
- whether the forthcoming report is likely to include exempt or confidential information;

- A list of background documents to be submitted to the decision maker for consideration in relation to the forthcoming decision; and,
- who you can contact for further information.

## **Public representations and further information**

Each Forward Plan entry gives the name of the relevant officer to contact about that particular decision. Where possible, a contact name, e-mail address and telephone number are provided.

Members of the public can make representations about forthcoming decisions by:

- Contacting the Lead Officer responsible for the report;
- Contacting the decision maker or relevant Cabinet Member (details can be found on the [council website](#)); and,
- Contacting Democratic Services.

Any document listed in the Forward Plan can be requested via the Lead Officer or by contacting Democratic Services. The reader is encouraged to access any such documents electronically, however copies or extracts may be made available at the following address on request: Lambeth Town Hall, Brixton Hill, SW2 1RW.

When making representations, members of the public may submit to the decision maker any further documents relevant to the decision.

All decision dates given in the Forward Plan are subject to change. Therefore, please ensure that you always consult the latest version of the Forward Plan for the most up to date information. Any further queries can be directed to Democratic Services.

## **Notice of decisions likely to contain confidential or exempt information**

Local authorities are required to specify 28 days in advance of a Cabinet meeting all the reports that are likely to contain confidential or exempt information. Should this be the case, a private 'Part 2' report will be produced to accompany the main report but will not be published. The public and press may also be asked to leave the Cabinet meeting for part of the proceedings. Any person is able to make representations if they believe the decision should instead be made in the open part of the meeting.

If you wish to make any such representation please contact Democratic Services. All representations will be documented in the relevant agenda a minimum of five clear days before the Cabinet meeting takes place. This will also include any response to the representations and a statement of the reasons why the meeting is to be held in private.

For further information about exempt or confidential information please see the Access to Information Procedure Notes in Part 3, Section 2 of the [Council Constitution](#) or contact Democratic Services.

<b>Decision:</b> Social Housing Decarbonisation Fund (SHDF) Wave 1
Lambeth submitted a joint bid with Metropolitan Thames Valley Housing (MTVH) to Business Energy & Industrial Strategy (BEIS) to install energy efficiency measures to approximately 267 homes across the borough. Including: Cavity Wall Insulation, Underfloor Insulation, Loft Insulation, Draughtproofing,

Solar PV and Double Glazing. The grant award is worth £4.2m, with a further £2.7m of co-funding from Lambeth/ MTVH (so a total project cost of £6.9m). The Lambeth Council only figures are £2.2m of grant funding and £1.6m of co-funding (and a total project cost of £3.8m). MTVH only figures are £2.0m of grant funding and £1.1m of co-funding (and a total project cost of £3.1m). This will contribute towards Lambeth's target to reduce carbon emissions to net zero by 2030.

<p><b>Decision:</b> Expenditure Arising from London Eye Section 106 Receipts</p> <p>Under the terms of a section 106 planning agreement, since 2003 the South Bank Employers' Group (SBEG) has provided specified operational and community initiatives in the South Bank area on behalf of the Council. These are financed by payments that the Council receives annually from the operator of the Lastminute.com London Eye. The Council makes payment to SBEG in arrears on the basis of goods provided and services rendered according to an agreed programme of work. The forecast expenditure in 2020/21 is £950,000 with the first quarterly payment being due for payment on 1 July 2020.</p> <p><b>Ward(s) affected:</b></p>

**Decision:** Life Science Incubator Project

The UK's life sciences sector is world-leading, highly productive and fast growing. It generates over £60 billion to the UK's economy with a workforce of over 230,000. In recognition of the current and forecast future value of the life science sector in Lambeth, particularly in terms of delivering long-term sustainable jobs, supporting the growth of the life science sector in Lambeth is a priority for the council. The decision seeks approval to allocate capital funds to create a new life science incubator project in Waterloo. Enabling this space will grow the life sciences ecosystem within the borough, bringing forward new skills and employment opportunities that residents can benefit from, and seeding activity ahead of the Royal Street development.

**Decision:** Workwise Project – St Mungo’s – Extension

The St Mungo’s Workwise service provides employment and training services. The service is primarily targeted at those in rented housing (Council tenants, private sector tenants and homeless in temporary accommodation) who are in receipt of benefits and adversely affected by welfare reforms. Welfare reforms including the Size Criteria, Benefit Cap and Universal Credit. The proposed report is requesting for the service to be extended from 1st of May 2021 to 29th of April 2022. The service has been very successful in supporting Lambeth residents into sustained employment and training opportunities and has been instrumental in assisting Lambeth residents who have been furloughed or lost their jobs due to the Covid-19 pandemic.

The cumulative value of the contracts from February 2015 to April 2021 is £560,295.89. A further extension for the 2021/22 financial year will increase that value by a further £100,000.

**Decision:** Provision of a Dynamic Purchasing System for Housing Planned Capital Maintenance Projects

To approve the implementation of a dynamic purchasing system (DPS) to manage the Council’s £35m planned maintenance spend for Housing.

It is recognised that the Council needs to refresh its approach to the management of its assets and delivery of planned programmes and major works to better meet its legal and statutory obligations. Underpinned by the Council’s Asset Management Strategy, a Total Asset Solution is being implemented, in pursuit of better quality, socially responsible and digitally driven services.

The bespoke DPS will support a more co-ordinated and agile project purchasing process for the delivery of the Total Asset Solution and will also provide:

- a compliant procurement vehicle to manage tenders for the Council’s housing planned capital maintenance project contracts,

<p>- focus on enabling a more diverse range of suppliers to compete for contract opportunities within Lambeth and encourage the participation of local suppliers,                  - encourage small business and those owned and operated by underrepresented groups to compete for Council contracts.</p>

**Decision:** Lambeth Disrepair Arbitration Scheme (twelve-month pilot)

The proposed decision is to appoint two independent Barristers' Chambers following a competitive tendering exercise. The two highest ranked Chambers will be appointed on a geographical basis - North and South of the borough – and operate the council's new Disrepair Arbitration Scheme.

The Chambers will be appointed for a period of twelve-months at an estimated cost of £120,000.

The council's new Disrepair Arbitration Scheme will provide its residents with a fairer and more equitable route to resolve their housing disrepair issues.

This alternative form of dispute resolution will be more straightforward than pursuing claims through a tribunal / court.

The Disrepair Arbitration Scheme will also ensure that residents get to keep all of their compensation award; and they will not be forced to sign up to conditional fee arrangements (often the case when solicitors are appointed to pursue a disrepair matter through the court system).

**Ward(s) affected:** All Wards

**Decision:** Replacement of Kitchen and Bathrooms – Fenwick Estate

To approve the recommendation to vary the current contract with Ser Contractor Ltd for the replacement of kitchens and bathrooms to tenanted homes at Fenwick Estate as Phase 2. The contract was awarded via the LHC Whole House, Workstream 1, Lot 2 (Kitchen & Bathroom) framework.

The units on the estate does not comply with Lambeth Housing Standards, and the intention is to address liveability commitment for those residents who have had no investment for a significant

<p><b>Decision:</b> Insurance Legal Services</p> <p>Insurance legal services framework is outsourced to allow the council to deal with civil claims received. The council has a legal obligation to comply with the Civil Procedure Rules (CPR) under which such claims are required to be dealt with.</p> <p>The current business model is still relevant as we will continue to receive claims for compensation, we also must comply with our insurer's requirements which state we must have a panel for claims that are handled in house by our own claim handlers within our policy excess where necessary. The services of the law firms on the framework are essential. Not having recourse to such legal support is not an option and would leave the Council exposed to significant risk and increased costs. This is the case in respect of the Redress Scheme or civil litigation cases.</p>

<p><b>Decision:</b> Capital Studio, Infrastructure and Capital Delivery Salaries CIL</p> <p>The Capital Studio is the delivery arm of the Resident Services area, covering design and construction of public realm and built environment projects. The service delivers large programmes such as the Highways Investment Programme and major public realm and green space schemes, such as in parks and cemeteries. The service is primarily funded through third party grants, such as through Transport for London, and from within allocated project budgets.</p> <p>The report seeks an allocation of £1,076m from the Lambeth Community Infrastructure Levy (CIL) receipts to fund costs associated with staff costs for the Resident Services Capital Programme delivered via the Capital Studio (Infrastructure and Capital Delivery).</p>	

<p>This report seeks funding to cover establishment salaries which can't be covered by project budgets. The identified source of funding for this infrastructure is CIL, with other sources of external and internal funding already having been secured to fund Capital Studio staff.</p> <p><b>Ward(s) affected:</b> All Wards</p>

<p><b>Decision:</b> The consolidation of static traffic orders and consultation</p> <p>This report details the proposal to consolidate and digitise traffic orders. As part of the digitisation and consolidation of traffic orders a survey was conducted of the entire borough, this survey has mapped all parking bays, yellow lines, and restrictions and this data is available in a Geographic Information System (GIS) format and on a digital map called Mapper. Mapper gives us the capability to digitally map new and amended traffic orders for all static restrictions in the borough. Mapper enables citizens to view parking contraventions and restrictions online by clicking on a user-friendly map. Currently Citizens must make a request to the authority to obtain information on restrictions within the borough etc.</p> <p>To use the Mapper system efficiently for traffic orders, we need to consolidate our existing traffic orders.</p> <p><b>Ward(s) affected:</b> All Wards</p>
