NOTICE OF FORTHCOMING KEY DECISIONS

Local Authorities are required to give 28 days' notice of any key decisions to be made. The Forward Plan sets out the key decisions that the Cabinet and individual Cabinet Members intend to take over forthcoming months and ensures that public notice of all key decisions are provided at least 28 days' prior to the decisions being taken.

A Key Decision is one which is likely to

- 1) Require an amendment to the Community Plan Outcomes Framework or requires a recommendation to Council to amend the Budget and Policy Framework,
- 2) Results in the local authority incurring expenditure, raising income or making of savings in excess of £500,000,
- 3) Has a significant impact on a) communities living or working in an area comprising two or more wards in Lambeth, or b) wellbeing of the community or the quality of service provided to a significant number of people living or working in an area, or c) Communities of interest

PUBLIC REPRESENTATIONS

If you would like to make a representation in relation to any decision to be taken at a meeting of Cabinet, please contact the *Lead Officer* (as named in the table below) before the given decision date. Your representation will then be documented within the report to be considered by the Executive. Reports for Cabinet are published five clear working days before the meeting and all representations submitted after this date should be sent directly to Democratic Services who will report the views at the meeting.

Members of the public can also write directly to the relevant Cabinet Member. Email addresses can be found on the [Cabinet page](#) of the Council Website.

Reports to be taken under delegated authority by a Cabinet Member will be published five days in advance of the proposed decision. Representations should be sent to the Cabinet Member and report author.

All representations must be considered by the decision-maker before the decision is taken.

NOTICE OF DECISIONS LIKELY TO BE CONSIDERED IN A CLOSED MEETING

Local authorities are required to specify 28 clear days in advance of a Cabinet meeting all the reports that are likely to contain confidential or exempt information and therefore may result in the public and press being asked to leave the meeting for the consideration of those items. This document therefore identifies if there is an intention for Cabinet to meet in private during part of an otherwise public meeting to consider reports which contain exempt or confidential information. Reports relating to decisions which the Executive will take in private session are indicated in the table below.

Any person is able to make representations if he or she believes the decision should instead be made in the open Executive meeting. If you want to make such a representation please contact the Head of Democratic of Services and Scrutiny by email democracy@lambeth.gov.uk or by phone 0207 926 2170. You will then be sent a response to your representations. Following this, all representations will be documented in the published agenda a minimum of five clear days before the Executive meeting takes place. This will also include a response to any representations and a statement of the reasons why the meeting is held in private.

<p>Building the Homes We Need to House the People of Lambeth - Establishing a Special Purpose Vehicle</p> <p>This report has been prepared in response to the Council's requirement to examine the business case for the creation of a new housing venture to facilitate investment and development in new housing that meets the needs of Lambeth's current and future residents, as articulated in the Cabinet report dated December 2014.</p> <p>This report presents the outline business case for such a venture and makes structured proposals for the creation of a new venture that will effectively empower the Council to take much greater control over the pace and focus of housing delivery in the borough, thereby supporting the fulfilment of the Council's objectives to meet both housing and the wider needs of Lambeth's residents, through the delivery of new housing across a range of tenures and complementary development activities.</p> <p>Cabinet will be asked to recommend that Council officers proceed to formally set up the New Venture and to proceed to develop a full business plan for a portfolio of initial Development Sites.
