

Our Pledge

As leaders of organisations across Lambeth we have come together to work as one to co-ordinate and deliver health and care services in the whole Borough.

Our vision is to improve health and wellbeing and reduce inequalities for people in Lambeth

We want Lambeth to be a place where:

- Health and wellbeing are improving for all, and improving fastest for those with the poorest health and wellbeing
- People are able to reach their full potential and feel good about themselves
- Everyone feels valued and has choices about their health and wellbeing
- People are safe from harm

Our experience and success with recent collaborative and people based projects have shown that we can genuinely transform care for people when we focus on people and their perspective, on prevention and on getting it right first time.

To do this, we need all of us to come together. We have seen the benefit of working across the traditional boundaries between hospital and community services, health and social care, voluntary sector and state sector, staff and people using services and representative bodies.

Many of our workforce are already doing this. We want to recognise this, embed it in the whole system and build on it. We want our conversations to be about people and their communities, not structures and finances.

We are all going to work together under one health and care budget. We recognise that it's only when we behave as part of the same team and are jointly responsible for all activity and costs, that transformation really happens.

To create the environment in which all this is possible we are coming together at every level to form Lambeth Together.

Lambeth Together is:

- a way of working and a culture that defines and unites us, developed with citizens and staff and embedded in all we do - The Lambeth Together Way
- moving away from basing services around organisations and make them based around people and places – The Delivery Alliances
- a single leadership and set of integrated functions to create our one system and one budget – The Strategic Alliance
