

HEALTH AND WELLBEING BOARD 21 OCTOBER 2021

Report title: Developing our South-East London Integrated Care System (ICS) - proposed transition arrangements

Wards: All

Portfolio: Cabinet Member for Health and Social Care (job-share): Councillors Jim Dickson and Lucy Caldicott

Report Authorised by: Andrew Eyres: Strategic Director for Integrated Health and Care

Contact for enquiries: Andrew Parker, Director of Primary Care and Transformation, NHS South-East London CCG (Lambeth), 07956 677348, andrew.parker6@nhs.net

REPORT SUMMARY

The purpose of this paper is to present the context and background for proposed leadership and governance arrangements for South-East London Integrated Care System and outline progress to date in establishing Lambeth Together as our Lambeth Local Care Partnership (LCP).

FINANCE SUMMARY

None arising from this report.

RECOMMENDATIONS

1. To note the contents of this paper.

1. CONTEXT

- 1.1 At its meeting on 18 August, the South East London ICS Executive Team received and endorsed a paper 'Leadership and Governance proposals' outlining proposed leadership and governance arrangements for the South-East London Integrated Care System (SEL ICS). In line with national guidance this addressed the role and membership of a SEL ICS Partnership (ICP) and the SEL ICS NHS Board (ICB), such that they can operate on behalf of our populations and system in shadow form before the end of Quarter 3 2021 and ahead of the assumed legal establishment of the ICS national body on 1 April 2022. The agreed approach is included at Appendix A.
- 1.2 Included within SEL ICS-wide arrangements are the expectations for individual borough Local Care Partnerships (LCPs), acting as six individual Committees of the ICB, in our case the Lambeth Together Strategic Board, its associated governance, leadership and representation into the SE London ICS arrangements. Richard Douglas, ICS Chair and ICB Chair (Designate) has subsequently written to borough partners regarding the steps to be taken for Local Care Partnerships (LCP), in our case Lambeth Together, to progress their arrangements within the SE London ICS.
- 1.3 In Lambeth, through our Lambeth Together Strategic Board and associated governance arrangements, as partners we have been operating in anticipation of the development of the Integrated Care Systems (ICS) for some time. As a result, our arrangements are well placed for adaptation to meet the requirements to enable us to operate as a shadow Local Care Partnership with SEL ICS.
- 1.4 Our Lambeth Together Strategic Board has been formally operating since April 2020. The Strategic Board developed from our Lambeth Together Alliance Leadership Team arrangements which were in operation from April 2018. Our Lambeth Together Strategic Board has met in public and operated through its Terms of Reference as a Local Care Partnership (LCP) in Part A, alongside operating its delegation from SEL CCG as a Borough Based Board (BBB) through its Part B arrangements incorporating a Committee in Common with LB Lambeth. During the spring of 2021 the Strategic Board undertook a governance review, including of membership and representation, in anticipation of the developing ICS requirements, and as such with some of the proposed changes below, sits ready to act as a Shadow Committee of the ICB.
- 1.5 In addition to an established Lambeth Together Partnership Board, we have a well-established weekly meeting of the Lambeth Together Executive Group chaired by the Strategic Director, Integrated Health and Care and comprising key partnership executive leads and local stakeholders. That includes nominees from GSTT, Kings, SLAM and Lambeth Living Well Network Alliance, London Borough of Lambeth (Adults/ Children and Public Health), CCG borough leads, Primary Care (PCN, GP Federation and LMC Leads) along with VCS, Healthwatch, and our Delivery Alliance programme leads. During the Covid-19 pandemic, that group has overseen the local health and care response and has overseen the development of the Lambeth Together Borough Recovery Plan, alongside the broader Lambeth Together transformation work enacted through our Delivery Alliances and key programmes.
- 1.6 In Lambeth, we consider that we have well developed arrangements and effective working relationships in place, and we remain ambitious to push on with our transformation agenda. We will continue to build on our experience and learning to date, including the success of our partnership working in our collaborative response to the challenges of Covid 19. Partners consider it is important that the implementation of our transformation plans is not negatively impacted by organisational change, albeit recognising that there remains much more to do both in terms of progressing how we work together across all our teams and in ensuring the impacts and outcomes

of our transformation deliver benefit in terms of improved health outcomes and reduced health inequalities for local people.

- 1.7 Lambeth Together partners have reflected the wish to sustain and build upon our existing partnership arrangements, ensuring continuity through the transition to working formally within the new SEL ICS governance and leadership arrangements and to ensure full input and engagement with key partners and local stakeholders. In this way we believe we can further enhance the benefits of our model of partnership working together to better support the delivery of our ambition to improve health and reduce inequalities.

2. PROPOSAL AND RESONS

- 2.1 It is intended that Local Care Partnerships (LCP) consider and agree the process through which key agreements can be made to comply with national guidance and SEL ICS-wide requirements and in order to ensure that arrangements are in place for the effective shadow operation from the end of Quarter 3 2021/22.
- 2.2 It is planned that proposals will be considered at the Lambeth Together Strategic Board Meeting in public on 24 November with the first meeting of the (Shadow) Lambeth Together Local Care Partnership Board will be on 26 January 2022.

3. FINANCE

- 3.1 There were no financial implications arising from this report.

4. LEGAL AND DEMOCRACY

- 4.1 There are no specific legal comments arising from this report.
- 4.2 There were on further comments from Democratic Services.

5. CONSULTATION AND CO-PRODUCTION

- 5.1 The NHS Long-term plan has been developed alongside the NHS Assembly.
- 5.2 Integrated Care Systems will be underpinned by several principles which incorporate co-production, including the need for a deep understanding of all the people and communities it serves. The insights and diverse thinking of people and communities are an essential component to enabling ICSs to tackle health inequalities and the other challenges faced by health and care systems. The creation of statutory ICS arrangements brings fresh opportunities to strengthen work with people and communities, building on existing relationships, networks and activities. As such, SEL ICS will be utilising the '*Implementation guidance on working with people and communities.*'
- 5.3 In developing our Lambeth Local Care Partnership, a series of seminars have been delivered to ensure the proposals integrate views from across the Lambeth Together Partnership.

6. RISK MANAGEMENT

- 6.1 Not applicable.

7. COMMUNITY SAFETY

7.1 Not applicable.

8. COMMUNITY SAFETY

8.1 Not applicable.

9. ORGANISATIONAL IMPLICATIONS

Environmental

9.1 None

Health

9.2 Lambeth Together is our borough local care partnership within the SEL ICS System. Decisions regarding Lambeth health and care are made through this local strategic partnership. The Lambeth Together strategic and approach is informed by local health intelligence and local needs. In support of this a new health and wellbeing strategy for Lambeth will be developed over the next 18 months as the original strategy expires in 2023.

Corporate Parenting

9.3 Not applicable.

Staffing and accommodation

9.4 The national employment commitment seeks to provide stability during the transition period, particularly before the establishment of the statutory ICS. It is envisaged that all functions of a clinical commissioning group (CCG) will transfer to the statutory ICS and therefore colleagues below board level should lift and shift from one organisation to the other, resulting in minimal change. Those staff currently employed by NHS SEL CCG and based in the Lambeth Integrated Health and Care Directorate are subject to that national employment guarantee and will therefore transfer into the new ICS NHS Statutory Body. They will continue to be based at the Civic Centre.

Responsible Procurement

9.5 Not applicable.

10. TIMETABLE FOR IMPLEMENTATION

10.1 The table below details the stages and deadlines for implementing the recommendations:

Activity	Proposed Date
Enact processes towards mobilisation	End October 2021
Formal agreement of recommendations at the LTSB Meeting in public	24 November 2021
Mobilisation to Local Care Partnership complete	End December 2021
Local Care Partnership to operate in Shadow form	Jan-March 2022
First meeting of the (Shadow) Lambeth Together Local Care Partnership Board	26 January 2022
Legal establishment of the ICS national body	1 April 2022

AUDIT TRAIL

Name and Position/Title	Lambeth Directorate	Date Sent	Date Received	Comments in paragraph:
Councillor Dickson	Cabinet Member for Health and Social Care (job-share)	07.10.21	13.10.21
