Dear Lambeth Council

As a local resident in close proximity to the 'Public Car Park Belvedere Road London SE1 8XZ' I would like to state my objection to this Premises Licence specifically regarding the music licence. The planned outside music event is mere 65 meters from three residential tower blocks in Casson Square where I live with my young family.

Between the Bridges operated a similar licence last year from May 2021 to December 2021. During this time my family and I were affected by the loud music and the loud DJ PA system which operated Wednesday to Sunday until 11pm on a weekly basis.

The loud music disturbed us to such an extent that it is significantly affected the enjoyment of our home. Every week we had to put up with the sound of music 'thud, thud, thud, thud' in our home. Such was the excessive level of music noise from Between the Bridges that when at home I could often recognise and name the particular song, this was with all the windows firmly closed.

We contacted Between the Bridges on many occasions to ask that they reduce the volume but this made little difference.

I hope you appreciate my concerns that this event is being planned again for another 6-7 months and I ask you to reconsider in particular the outdoor music licence.

Yours sincerely,
Local resident
