29th November 2017

Dear Ola Owojori,

I write on behalf of the Commissioner of Police for the Metropolis to raise a representation against the grant of the above application on the ground(s) of the following Licensing Objectives; Prevention of Crime & Disorder and Preventing Public Nuisance.

The application in question is a Temporary Event Notice for the above premises. The application itself contains very limited details and at this stage we do not feel confident that the event will be able to promote the licensing objectives. In recent weeks there have been numerous complaints received about the conduct of the premises and their customers.

Complainants and responsible authorities have witnessed anti-social behaviour from customers spilling out into the streets with no member of staff or security taking control or implementing a dispersal policy, as well as the doors to the venue being left open allowing for loud music to filter out into the streets. Although the application does contain assurances that this event will be run differently and there will be measures in place to prevent nuisance, we feel that a 6am terminal hour is far too late, even for New Years Eve and that such a late running event isn't the most ideal to trial a new dispersal policy and therefore we respectfully request that this TEN not be granted.

Yours Sincerely,

Police Constable Joe Farrelly 850LX.
