Subject: Application for Temporary Event, Bureau Of Silly Ideas, Arch 555 Valentia Place, London, SW9 8PJ.

The Community Safety Area Teams, a responsible authority for the purpose of the Licensing Act 2003 hereby makes an objection to an application made by Roger Hartley to hold a temporary event on Friday 22nd December 2017 between 18:00 and 00:00 and Saturday 23rd December 2017 between 00:01 and 02:00 hours at the above location, application reference TEN 10026 refers.

This objection is made on the grounds of Prevention of Public Nuisance.

We received complaints about this premises on the 7th November 2017 via web form regarding an event held at this premises on the 28th October 2017.

I also spoke with a local business on the 7th November who was able to provide us with video footage highlighting the noise nuisance and evidence that the premises was not promoting the licensing objectives on the same date.

I have since spoken to a further complainant who was also disturbed on this night and on other occasions by the establishments within this area on the following dates:

31st October 2017
4th November 2017

The complainants have confirmed that they generally suffer from noise nuisance every time a TEN event is held at this premises and this dates back to May 2017.

One of the complainants has made several complaints to network Rail regarding this and other premises in the area regarding nuisance from licensed activities.
We would therefore ask the Licensing sub-committee to issue a counter-notice so this event cannot go ahead.

Yours sincerely

Sean Biggart
