Lambeth Stop and Search Monitoring group has been recently reinvigorated with new membership and meets regularly. Stop and Search is a standing item on the Safer Neighbourhood Board agenda. Membership of the Stop and Search group was identified as an equalities priority by the council in the 2017 Equalities Commission, and the local authority has promoted membership of this group as part of the borough's mission to reduce inequality in the criminal justice system.

The Young Lambeth Co-operative hosts a monthly information and intelligence sharing forum on community tensions and risks between statutory and third sector groups. This allows for a more accurate picture of risk in the borough to be used by statutory agencies, and preventative work to be deployed to areas/individuals where necessary. This work is being further developed as part of the borough's long-term youth violence strategy.

Lambeth LX has an established community response mechanism post critical incident, where community leaders and organisations are involved in the aftermath process and where possible to reduce community tensions. In addition, LX and LBL are developing a proposal for a funded detached youth work provision to be used by LX in the aftermath of an incident, or where community tensions are at risky levels, to defuse tension and reduce further violence.

Lambeth maintains a BID led, borough wide Business Crime Reduction Partnership. This includes all the borough's BIDs as well as other independent retailers. Membership includes information sharing, a radio network connected to the council's CCTV suite and local police officers, and regular meetings around crime and disorder priorities in the borough including crime involving young people.
